**Our Mission**

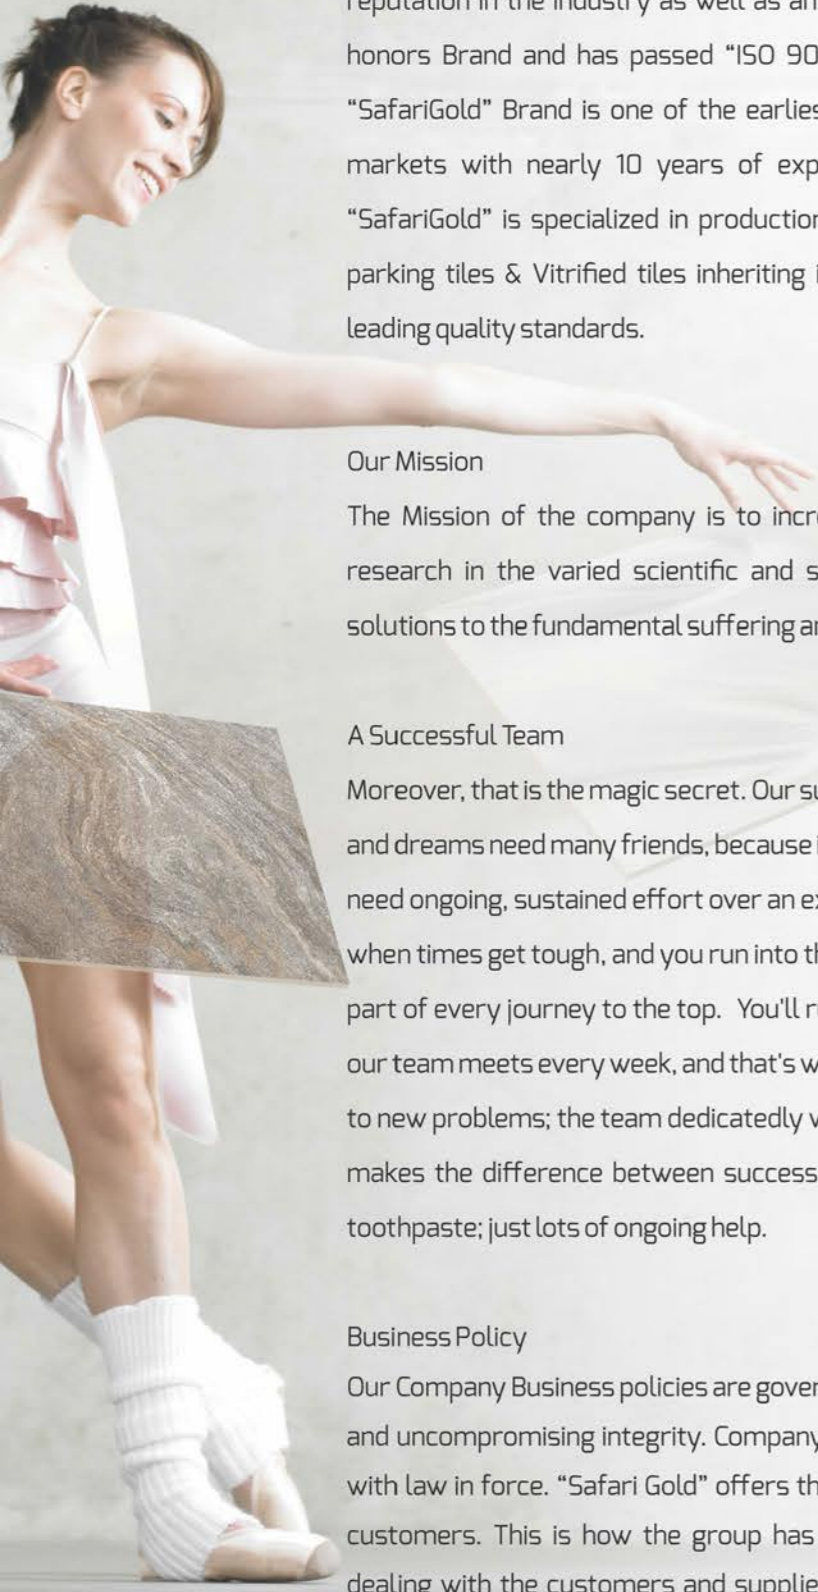

The Mission of the company is to increase the effectiveness and impact of the results of research in the varied scientific and socio-cultural fields that are geared toward seeking solutions to the fundamental suffering and limitations of humanity.

**A Successful Team**

Moreover, that is the magic secret. Our success team work where other systems do not. Wishes and dreams need many friends, because it takes more than desire to make a wish come true. You need ongoing, sustained effort over an extended period. You need support and encouragement when times get tough, and you run into the inevitable interruptions, setbacks, and fears that are part of every journey to the top. You'll run into obstacles that seem insurmountable. However, our team meets every week, and that's why we keep going. The team brainstorms new solutions to new problems; the team dedicatedly works on group vision and mission. The support is what makes the difference between success and failure: not your attitude, your mantra, or your toothpaste; just lots of ongoing help.

**Business Policy**

Our Company Business policies are governed based on sound values, professional management and uncompromising integrity. Company would carry out the business activities in compliance with law in force. "Safari Gold" offers the quality products with most competitive prices to its customers. This is how the group has gained the confidence of their customers. Business dealing with the customers and suppliers or with any third party would be on merit and fair terms and conditions. Integrity, Unity, Responsibility, Trust and Humanity - are the values and guiding force for each member of the Company. Nevertheless, it upholds the highest standards
